

The Green Valley Council

November 12, 2020

Dear Community Member:

1. STATE AND PIMA COUNTY COVID DATA DASHBOARDS: For the Community Letter, we rely upon the State and Pima County COVID data dashboards for our more local numbers. If you would like to follow the data yourselves, the Arizona Dashboard can be found at azdhs.gov/covid-19/dashboards/index.php. Pima County data, by Zip Code, can be found at pima.gov/cv19data, click on the dashboard icon and, when that loads, select the Green Valley Zips, 85614 and 85622. Our Past President, Thao Tiedt, has the data from the State dashboard going back to April. The County dashboard is more recent, although you can also get the basic data for all of Pima County from the State dashboard by clicking on Pima County.

2. THE LONG AWAITED ROAD REPAIR LIST: Here is the list of the roads that are scheduled to be repaired either in the County's 2021 Fiscal Year:

a. ADA curb/ramps for Desert Meadows 3, Country Club Vistas, Villages of Green Valley, and **Camino Seco Area--work to be performed 11/20-2/21.**
